Dear Colorado Business:

For nearly sixteen months, a group of business executives, economic development, education and workforce professionals have been working on enhancing regional and state economies through the Jobs Cabinet. After a year of listening, learning and deliberation, the Jobs Cabinet has developed ideas for better aligning the needs of employers (both current and new) with appropriately educated and trained employees.

Before we make our final recommendations to the Governor we want to hear from you. In the next few weeks public comment sessions will be held across Colorado. We invite you to attend the meeting listed below.

A follow up to the outreach meetings we held last year, this one and one-half hour session will have a short presentation by the Jobs Cabinet staff and co-chairs followed by an interactive discussion.

The session will be held June 17th from 9:30-11am at the Colorado School of Mines in Golden, CO. To register and for more information go to: <http://www.eventbrite.com/event/353028919>

We and the Governor look forward to hearing from you.

Sincerely,
